

General Classes

We run sessions for 5-7 years and 8+ yrs.

Your child will enter our recreational programme where we will teach the fundamentals of gymnastics and ensure that children develop confidence in using the gymnastics apparatus safely, for example, the ability to land safely from a height. We aim for children to work with the same coaches each session so that they can develop the rapport which we deem essential.

Initially children attend once each week. At this stage they will develop basic movement patterns (hopping, jumping etc.), rolling, swinging, balancing, and rebounding, using apparatus which is appropriate to their size and experience.

Our youngest children spend their time working to develop their physical literacy using our smallest pieces of apparatus. It is essential that children have fun and develop the movements and coordination to enable them to progress working on larger piece of apparatus safely and appropriately.

In these classes children will begin working on the **Carmarthenshire School of Gymnastics Proficiency Awards**

Scheme as well as the **British Gymnastics Proficiency Awards** as the proposed **Welsh Gymnastics Proficiency Awards**

In these classes, the session is structured around the above-mentioned Awards Scheme. When your child achieves an award, you will receive a letter and will be invited to purchase a certificate. We feel that children thrive on rewards, so we continually seek for your children to improve and achieve their Awards.

Once children have developed the necessary skills and demonstrate that they are eager and able to learn additional skills, they will be invited to progress into the General Squad Class with a view to compete in ...

- CSoG local Gymnastics Championships,
- Welsh Gymnastics Championships (Rotary Disability Gymnastics Championship,
- Gym Spire and the Preliminary Gymnastics Championships.

Competitive General Squad

Selected children who have achieved the requirements may be invited to join our Competitive Recreational classes called the General Squad. This level of training is for children aged 6+ and will involve a minimum of 2 sessions per week and could increase to 5 session per week. This group requires a higher level of effort and commitment compared with the previous General 1hr class as children will be invited to take part in 3/4 competitive events each year.

Recreational Assessment Programme

It must be recognised that being asked to be part of a squad is a privilege few children achieve. Therefore, most children will remain within our recreational programme, enjoying gymnastics and developing their skills. However, where children demonstrate certain, rare, attributes (body shape / type, attitude, strength, flexibility, confidence) they may be invited to join our Recreational Assessment Programme. The aim of this Programme is to give gymnasts the opportunity to gain experience, working alongside our squad gymnasts and coaches and for coaches to assess how a child may cope with the demands of squad gymnastics.
